

Dear Wildlife Conservation Council,

Thank you for everything you have provided for my hunt. This hunt meant everything to me because it was my first pheasant hunt. I have been on 3-4 hunts before but this does not compare. Once I stepped on to the field a rush came to me, I am hunting pheasant. I did not think that I was one of few very lucky people to be shooting pheasants in Arizona now to the point. After my partner got his bird it was my turn for action. The 3 guides asked if we were ready and as soon as you know it the bird is off. The first shot belonged to my partner but the finishing shot was the winner. Once we got to the bird the guide let me see it and it was beautiful. Without the help of the Wildlife Conservation Council this could not have happened. Thank you for all of your time, funds, and efforts I really appreciate it.

Sincerely,

Giovanni Orlando

Wildlife Conservation Council,

Thank you for allowing me to come to the hunt club and hunt pheasants. I shot 3 pheasants. Thank you for providing us lunch, and giving us hats. I had a great time

Sincerely,

Peyton Stalter
