

Dear AZSFWC/WCC Board and Committee members,

This was a great year for our Annual Wapiti Weekend Youth Camp. Thank you very much for the grant for this year's camp. This year we had over 130 kids take part in our camp and appreciate the support you have given. Many of the parents also participate or venture with their kids to the different stations. We heard comments from parents and the kids that this was the best camp ever. We had over 50% new kids this year and they loved the camp. Many groups partnered with volunteers and classes in making our camp a success especially the NWTF, PPCI and the Gold Panning Association. G&F brought out the Golden Eagle and other birds of prey and the kids learned all about them. The birds were a great hit.

As you know we have our Tracker magazine that will have an article about the camp and we will recognize your organization in the article. Every youth and many of the adults received t-shirts and all the donors were listed on the shirts.

Your donation helped us make sure that these kids had fun and all the kids went home with new knowledge and tools to help them participate in the outdoors. We gave out fishing rods, predator calls, turkey calls, camping stools and much more.

Thank you from the Arizona Elk Society Board and all the volunteers and participants in this year's event.

Steve Clark
Arizona Elk Society
